ROOM 1

**JOT Medical**  
**EQUIPMENT**

**Equipment Sales, Service & Repair**

## **JOTMedical provides Human and Animal Healthcare Equipment Sales, Service and Repairs across Canada.**

Quick and reliable maintenance and repairs for your dental, medical, veterinary, pharmacy and lab equipment.

### **Equipment Maintenance**

Preventative testing and repairs increases the lifespan of your equipment and ensures peak performance. By planning small scale assessments on a regular schedule you can prevent downtime and save by avoiding major issues that develop over time.

### **Expertise on a Flexible Schedule**

We can assess your business and recommend a maintenance plan that works within your schedule. Our team is flexible to service your equipment around your availability. We work with many brands and specialize in dental, medical, veterinary, pharmacy and lab equipment repairs.

### **Equipment compliance inspections**

Depending on your area of practice, when you purchase new equipment it may require inspections by law. For example radiology equipment must pass Safety and Preventive Maintenance (SPM) Compliance Inspections to protect patients from excessive X-ray exposure.

**Whether you are looking for on-demand equipment repair or preventative maintenance, we service a wide range of medical equipment including:**

- \* Dental & medical chairs
- \* Microscopes
- \* X-ray machines
- \* Sterilizers
- \* Optics, LEDs
- \* Handpieces and more

From precision repairs to reupholstery, we do it all.

Minimize downtime and ensure compliance by maintaining your equipment on a regular basis.
